

WISEMAN CONCEPT

TESTIMONIAL

My Name is Gideon van der Merwe

My cell number is 083 236 9214

I want to tell you about the power of this "Wiseman Telescopic Calculator" and what it has done for me and my family.

To back-up and to prove to anyone out there, I will make my bank statements available to prove the effect it had on my financial position.

At first I want to tell you about my position before I made use of this phenomenal concept:

BEFORE

- 1.) My salary was R 30 000 pm after TAX.
- 2.) My monthly cost were R 30 000 pm.
- 3.) My financial future looked very grim.
- 4.) My bond on my property were R 150 000.
- 5.) My remaining term with the bank was 14 years.
- 6.) My instalments on my vehicles were R 8 100 pm
- 7.) My vehicles were not in a good condition anymore.
- 8.) My monthly fuel bill was around R 2400 pm.

2.

AFTER:

- 1.) My salary remained at R 30 000 pm
- 2.) My living expenses decreased to R 22 000. (R 8 000 better)
- 3.) My Financial future regained a meaningful purpose.
- 4.) My new outstanding bond is R 550 000. I do not pay any money from my pocket on the additional R406 000 I borrowed from ABSA bank. My instalment was eliminated by the "Calculator". This means that I borrowed R 406 000 from ABSA for free, without ABSA losing one cent from using the concept.
- 5.) My 14 year remaining term on my original loan reduced to 7 years including the new added R 406 000 loan on top of my original R 150 000.
- 6.) My instalments on my vehicles were reduced to R 0.00 pm due to the surplus money the "calculator" has designed from money I did not know I had.
- 7.) I traded in my two old vehicles and bought a new one on which my instalment are completely eliminated.
- 8.) My fuel bill has been subsidised by this "Calculator" with 50%. Imagine I pay only R 6.00/liter of fuel instead of R 12.50/liter.

What makes this concept even more attractive is that my wife has got R 3000 pm more to spend.

I recommend any person with a property and equity to use the money you have in your bond, to make use of this "Wiseman Telescopic Calculator"it will blow your mind.

On Internet and on the Google search engine, you will find 4 unsubstantiated complaints from individuals commenting and creating complaints based on conjecture and hearsay.

These complaints also confused me and at one stage before signing at the attorneys I cancelled everything. The attorney notified the bank and I made them aware of the complaints. ABSA bank investigated the matter for any irregularities, and after three days I received an e mail from ABSA bank that I may proceed signing with the attorneys.

You have to keep by the rules of the "Telescopic Calculator"

The money borrowed was paid into my own account by the attorneys appointed by the bank.

I am now happy that everything is sorted out. I must admit that this is a very controversial concept to understand the first time. I am available to anyone who needs convincing and assurance.

Is also has the potential for additional income for any client, and lots of business opportunities.
